

Spinsolve

卓上型 NMR

 **magritek**
www.magritek.com

The high performance benchtop NMR – a powerful tool for investigating chemical reactions in real time.

- Easy to use.
- Continuous flow NMR using flow cell.
- Can be integrated into your flow systems.
- Multi nuclei measurements ^1H ^{19}F ^{13}C ^{31}P .
- Quantitative.
- Mobile and robust.
- No cryogenics or deuterated solvents.
- Range of instruments available, 43MHz, 60MHz, Gradient.
- Comprehensive range of NMR experiments including 2D NMR
